Can I refer more than one friend?   ^

Yes. You may refer more than one recipient. You will receive one month free for every new user who registers with company up to a maximum of 6 months*. After accruing six months of credit you will no longer be eligible to earn credit.

When will I see the credit in my account?   ^

A credit will appear in your account once the recipient has made their first subscription payment. Since the recipient also earns a free month by registering, that means they will not have to make a payment until after their first month.

Can I refer an existing user?   ^

You will only get credit if the recipient is a new user and never had an account with company.
